

## WORLD PORTS OPEN TO COTTON

AMERICAN PRODUCT  
NOT CONTRABAND OF  
WAR, ENGLAND SAYS

Washington, Oct. 26.—The cotton situation in the opinion of President Wilson is being cleared up steadily and rapidly. He told callers today that while only the end of the European war could restore normal condition progress was being made in efforts to assist the planter. The president is much encouraged by plans for furnishing aid to the planters and the opening of foreign markets. He said there was every reason why all points should be opened to cotton and predicted they would be. Southern business men with whom he has talked, the president said, had not been deeply apprehensive over the situation.

Washington, Oct. 26.—Senators and Representatives from the south were gratified today by the action of Great Britain in accounting that it would not interfere with American cotton as "contraband of war." Assurances to that effect were given Ambassador Page at London by Sir Edward Grey, British minister for foreign affairs, who confirmed his government's action in a cablegram to the British embassy here. Ambassador Page in advising the state department also reported that British Ship Camperdown, laden with American cotton and products, detained at Stornaway, Scotland, was not held because of her manifest but on account of a disagreement between her owners and the charter party.

Southern senators had requested the state department to ask the belligerent countries to give assurances that shipments of American cotton to neutral or belligerent nations would not be seized or detained.

The action of the British government forestalled action by the state department and will allow the safe movement of American cotton to any point, including Germany, where a fair market is said to exist.

Two notes addressed to acting secretary Lansing, say British cruisers will not interfere with neutral commerce when shipments are properly consigned. The documents specifically exempt cotton from molestation even though destined to belligerent countries as this article is not contraband.

With respect to mineral oils and articles listed as conditional contraband, the notes say Great Britain will seize no cargoes if the papers of the ship show their ultimate destination to be neutral. Only in cases where cargoes have been consigned "to order" the notes point out, has the British government been exercising scrutiny.

Washington, Oct. 26.—The special committee on cotton legislation named by the house just before the adjournment of congress today to consider the situation in the south about by the European war. The resolution proposed that this committee make a thorough investigation of the situation and report possible measures to federal aid in the cotton crisis by December 15. Representatives Henry is chairman and the other members are: Representatives Austin and Langley, Republicans; Lacey and Hoffman Democrats; and Bell, Progressive, Republican. Senator Mann was appointed on the committee, but said it would be impossible for him to serve until after the elections. Nearly all the members of both houses of congress had left by December 15. Representatives

CROWN PRINCE'S  
ARMY IS CUT OFF

London, Oct. 26. (3:52 a. m.) The Bordeaux correspondent of the Daily News sends the following regarding the fighting in the Argonne region.

"A useful success has been scored by the allies in the forest of Argonne. After the fighting on the Marne the Duke of Wurtemberg's army retreated to the western side of the Argonne, while the Crown Prince's army followed along the eastern side of the forest, fighting finally around Varnnes. Ever since the two armies have been trying to join hands.

The French have now gained possession of the village of Metz, in the middle of Argonne and commanding the route to the city of the Aisne. As long as they hold this key the Crown Prince is out in the cold, separated by a difficult country from the rest of the German lines.

Antwerp Defences  
Are Being Restored

London, Oct. 26. (7:10 A. M.) The latest type of correspondent of the Times. "The bridge between Antwerp and the Belgian coast, which the retreating Belgians destroyed, has been repaired. Evidently the French are preparing a line of defense. In case of the important threat from the Ostend-Dixmude line the Belgian garrisons have been ordered to the coast with German fortress art-

CARMAN JURY DISAGREES;  
DEFENDANT GIVES BOND

New York, Oct. 26.—Mrs. Florence Conklin Carman, who was on trial all last week for the murder of Mrs. Louise D. Bailey, was released on \$25,000 bail by Justice Charles H. Kelby in the Kings County supreme court in Brooklyn this afternoon. Accompanied by her attorneys she started immediately for her home in Freeport.

Mineloa, N. Y., Oct. 26.—The jury which tried Mrs. Carman,

wife of Dr. Edwin Carman, a Freeport physician, in whose office Mrs. Louise Bailey was shot and killed on June 30, could not agree yesterday after deliberating more than 13 hours and was discharged. It was said the jury stood 10 for acquittal and two for conviction.

The district attorney announced that he would not seek to have Mrs. Carman tried again. Her own counsel on the other hand said he would demand a new trial

as he would not permit the indictment to hang over his client. Mrs. Carman was said to be in a state of collapse today as a result of the jury's failure to acquit her.

Her counsel planned to appear before the district court today and ask that she be released on bail pending her second trial on the charge of murdering Mrs. Louise D. Bailey, or a decision to have the indictment against her quashed.

## WAR BULLETINS

## Germans Evacuate Lodz

London, Oct. 26.—A Petrograd dispatch says: "The precipitate flight of the Germans continues. They are evacuating Lodz, 75 miles west of Warsaw. They made an unsuccessful attempt to arrest the offensive Russian movement by clinging to positions at Sokhatchoff from which, however, they were dislodged with heavy losses."

## PERMITS CANCELLED—NEW SUBMARINE

London, Oct. 26 (3:36 a. m.)—A dispatch from Copenhagen to the Daily Mail, under Saturday's date says: "All permits to visit the German battlefields have been cancelled today by the German general staff. It is reported from Berlin that a new type of submarine is being built at Elbing and Hamburg to be used only for the transportation of troops, the object being to reach a shore unopposed and land troops."

## BELGIANS OCCUPY EESCHEN.

Amsterdam via London, Oct. 26.—According to the newspaper Handelsblad, the Belgian flag is now flying above Eeschien, 20 miles north of Antwerp. All the German soldiers have been withdrawn.

## RUSSIANS FORTIFY LEMBERG

London, Oct. 26. (4:30 a. m.)—According to a dispatch to the Daily Telegraph from Rotterdam the Vossische Zeitung of Berlin says that the Russians, who had withdrawn most of their troops from Lemberg, have now sent 80,000 men there who are strenuously fortifying the town. The Russians, the papers say are clearly determined to keep Lemberg at all costs.

## CHINA WAKES UP

Peking, China, Oct. 27. (4:05)—The Chinese foreign minister has demanded the surrender of a Japanese torpedo boat with its crew which entered Chinese waters and substituted the Japanese flag for the Chinese dragon and attempted to tow away the wrecked German torpedo boat S-90.

## WILL DEPOSE CARRANZA

Washington, Oct. 26.—Official reports received here today indicated that the Mexican national convention at Aguas Calientes would today or tomorrow depose Gen. Carranza as first chief and substitute a provisional president.

American Consul Silliman reported he was reliably informed of General Carranza's intention to retire under conditions that no objections would be interposed to his candidacy at a regular election and that the tenure of the provisional government should be short.

The war department received today from Colonel Hatfield commanding American troops on the Arizona border saying Governor May-

torum of Sonora was "slowly and reluctantly, and the Yaqui Indians were defiantly leaving Naco."

"RED PAPERS"  
OF MEXICO

Washington, Oct. 26.—The Mexican "red papers" are the latest addition to the publications of diplomacy. While not bearing the official stamp of any of the Mexican factions, the little volume, which made its appearance today, purports to contain official correspondence between Carranza, Villa, Zapata, Villahermosa and others, being an exposure of the great Centinela conspiracy to eliminate Don Venustiano Carranza.

Scott Brown, an employee of the Portsmouth Steel Company, is on a three weeks' vacation visiting relatives at Paterson, N. J.

SUPT. MUST  
RE-INSTATE  
6 TEACHERS

Cleveland, O., Oct. 26.—Supt. Frederick of the Cleveland public schools, today was found guilty by Judge Neff of the common pleas court and ordered to reinstate six teachers he failed to reappoint last spring. The court gave Frederick a week in which to reinstate the teachers.

Frederick was accused of contempt for violating an injunction restraining school heads from refusing to reappoint probation teachers.

Attorneys for the six teachers who Superintendent Frederick must reappoint or be liable to fine or jail sentence at the option of the court, claim that the decision is a sweeping victory for teachers throughout the state. They contend that it paves the way for the unionization of teachers in all of the larger cities of the state, and will result in increased and more uniform salaries.

Color Line Drawn  
On White Horse By The  
Nazis Of War

New Orleans, Oct. 26.—The color line has been drawn by the American white horse by the French government, according to officers of the British Steamer Anglo Bolci which has just sailed from here with a cargo of 1,048 horses and mules, said to be intended for the use of the French army.

The horses included in the shipment exclusively bays, blacks. It is said that white horses offered good targets for the marksmen, and for this reason are less desirable for military purposes than those of a darker hue. The Anglo Bolci was clear for Bordeaux, France.

## UGH! SNOW

Chicago, Oct. 26. The first real snow of the season was reported in the Lake Superior region today in telegram to the local weather bureau. At Green Bay, Wis., there was snow and a minimum temperature of 20 degrees. Another dispatch reports snow and sleet at Fond du Lac, Wis.

Chicago, Oct. 26.—There was a fall of snow here this afternoon, the first of the season, which fell in measurable quantities.

FRENCH WAR  
STATEMENT

Paris, Oct. 26. (2:45 p. m.)—The French official communication given out this afternoon says that yesterday the French line between Nieuport and Dixmude was maintained.

The text of the communication follows:

"During the day of yesterday our front along the general line between Nieuport and Dixmude was maintained. The German forces which crossed the Yser between those two towns have not been able to progress.

"Our front was held also in the region between Ypres and Roulers, between Armentieres and Lille, to the west of Labasse and of Lens, and to the east of Arras. This line is continued to the south by the line which already has been indicated in these official communications. During the fighting of recent days the enemy seems to have sustained considerable losses.

"Russia.—To the west of the Vistula and to the north of the Pilia river, the Germans have been forced back on Lowicz, Skierniewice and Rawa, which have been captured at the bayonet point by the Russians.

"To the south of the Pilia, in the direction of Radom, there has been a lively engagement between the Russians and the Austro-Germans who lost prisoners and cannon.

"To the south of Soles the Russian troops crossed the Vistula by main force driving the Austrians back. On the river San and to the south of Przemyśl there have occurred stubborn combats resulting favorably to the Russians. An Austrian column debouching from the Carpathians on Dolina, in Galicia 22 miles to the south of Stry, was routed."

FULL CREW  
RULING BY  
ATTY. HOGAN

Columbus, Oct. 26.—Attorney General T. S. Hogan gave out an opinion today which will favor the "safety first" movement, but which state officials declared would be opposed by railroads. The attorney general held that an engine running alone or with only a caboose or several cars attached making a trip of less than 25 miles on a single order, must carry a crew of three men, an engineer, fireman and conductor or flagman. The opinion was given to the state public utilities commission, in answer to the question of whether an engine making a short trip to help another train up a grade, could not carry only an engineer and fireman without violating the "full crew" law.

## GERMANY'S PRISONERS

London, Oct. 21. A letter dispatch from Amsterdam says that according to Berlin newspapers, the number of war prisoners in Germany up to Oct. 21 aggregated 294,973, including 5,161 officers. Of these it is said that there are 2,472 French officers and 148,597 men; 2,461 Russian officers and 191,524 men; 547 Belgian officers and 11,378 men, and 218 Danish officers and 8,669 men.

YSER CANAL BARRIER  
BROKEN BY GERMANS  
IN FACE OF ALLIES

London, Oct. 26.—What progress, if any, the German right has made since crossing the Yser between Nieuport and Dixmude in Belgium on Saturday stood today high above all other questions asked in England concerning the situation of the allied armies.

That the Germans crossed this barrier is admitted by both sides, but whether breasting it they have been able to push forward, or whether they have met such opposition from the British and Belgian armies as to be held from swaying beyond the western bank, is yet to be recorded in official statements. The fight in this canal section of Belgium to penetrate which, and gain the channel ports, Germany has been sacrificing so many men, covers a comparatively tiny area of the whole battle line in France and Belgium, but here unquestionably the dead lie thick. This fact is due not only to the determined rush of the German forces but also to the accurate fire of the British and French warships.

## Naval Retaliation Expected

England is now speculating on when the Germans, influenced by the presence of rival ships, will attempt to bring units of their own navy into action off the Belgian coast. German submarines, have been dodging here and there off the coast during the past week. So far no successes have been credited them and it is contended here that the German people must be clamoring for naval retaliation. It would not surprise the British, therefore, if the sea phase of the struggle became more general and more pronounced in the near future though nothing like a general naval action is expected.

There has been no marked change in the situation since the latest official communication was issued. The contending forces were at each others' throats today principally along the 28 miles line stretching from Nieuport to the River Lys. A struggle violent but perhaps less active, is taking them southward to Arras.

## Von Kluck Is Superseded

Confirmation from Paris that the German extreme right no longer is being manipulated by General von Kluck came as a distinct surprise here. It was said last week that he had been superseded by General von Armin, but latest version has him remaining on the Aisne while Grand Duke Albrecht of Wurttemberg and others are directing the destinies of the army in Belgium.

## Fleet Hurls Shells Inland

Along the Belgian littoral the allied fleet continues its bombardment. The great shells traveling three miles inland evidently have proved very effective, judging from the tragic fate of Gen. Von Tripp and the members of his staff, who were killed by a projectile from a warship.

All reports agree that the fighting in west Flanders has been terrible beyond any other during the war. Projectiles hurled from the land, the sea and the air are sweeping this unprotected country, destroying villages and scattering the terror-stricken inhabitants who delayed too long in getting out of the line of fire.

Paris reports that to the west and to the south of Lille fierce attacks by the Germans have been repulsed.

## French Command Communications

The most significant part of the Paris official communication relates that the French with their heavy artillery now command the road which is one of the principal lines of German communication with St. Mihiel, the holding of which by the invaders has constituted one of the greatest measures to the allied line. SCREEN LAW  
DECISION IS  
RECALLED

Washington, Oct. 26. After an announcement from the bench by the supreme court that it affirmed the decision of the federal district court for Northern Ohio, holding the Ohio coal screen law unconstitutional, the court later in the day recalled its announcement and transferred the case in voting the point to the summary docket for brief oral arguments on November 30.

## CRUISERS COAL

Seattle, Wash., Oct. 26. The Japanese cruiser Izumo and the British cruiser New Castle, which have been cruising in Mexican waters in search of the German cruisers Leipzig and Niernburg, returned to the Esquimalt, B. C., naval base last night for coal. It is expected the cruisers will put to sea again tomorrow.

"I'll be mighty glad when this here pestiferous campaign is over. There's too damned much 'pus-sion' work" in it to suit me. This here thing of day after day perpetually explaining 'I' folks or diplomatically refusing 'I' explain 'I' can just how y' expect or don't expect 'I' vote is most flabbergastin'ly aspinatin' on the nerves and I don't a bit mind sayin' that I'm glad it will soon be over. Here's the weather."

Ohio.—Partly cloudy and colder tonight with heavy frost in north and central portions; Tuesday fair and cooler tonight and Tuesday.

The new rhinies at Holy Redeemer church which were heard for the first time Saturday evening and again to good advantage Sunday fulfilled all expectations. As the resonant tones of the seven bells pealed forth one beautiful and inspiring air after another people in their homes, on the streets and in public places listened in silence.

The varied program of church and popular music was such as to satisfy all and no sooner was the initial concert concluded when there came a perfect shower of choruses and many of the selections were repeated and several new ones played. "Holy City," introducing the theme of the season, "My Motherland, My Motherland," "Old Kentucky Home," "Wee Willie the Green," and many others equally inspiring were sung from all over the city. An estimate said many of whom were in automobiles, gathered in

front of the church and remained throughout the concert.

# COTTON WEEK HERE--CHANCE FOR GOOD HOUSEWIVES

## "Cotton Week!"

The chance for the good housewives of Portsmouth to show their patriotism is at hand.

The merchants of the Peer-

less City have inaugurated

"Cotton Week," October 26-

31.

During that time they will offer exceptional inducements on cotton goods—tempting

prices that will no doubt bring their reward.

The intention of the merchants is to thus assist the cotton growers of the South, whose foreign market has

been absolutely closed to them as a result of the terrific conflict raging on land, in air and on sea in war-stricken Europe.

The more cotton goods can

be sold in Patriotic America, the more of the raw material will be sold at home—the more prosperity for the working men.

The United States Congress adjourned without providing

any financial assistance for the cotton growers.

Hence the question is put squarely up to the good American housewives.

And they will be found wanting.

They will not have any particular use for a bale, but many of them will "buy a bolt."

Not only that, but all of them will have the opportunity of saving on sheetings,

hosiery, gingham, mattresses, etc.

"Cotton Week" is herein all its glory. And the women are going to write their names high and plain on the roll of patriots. Make no mistake about that.

### Austrian Official Statement

London, Oct. 24. (5.45 a. m.)—A dispatch to Reuters Telegram company from Rotterdam gives the following official statement issued in Vienna:

"A telegram dated Sunday noon from the Northeastern theatre of war says Austrian and strong German forces have taken a position in a nearly uninterrupted line from the northern spurs of the Carpathian mountains by way of Stary and Sambor, before the fortress of Przemyśl, to the Polish part of the Vistula and to the district of Plock, against the main army of the Russians who have been reinforced by troops from the caucuses, Siberia and Turkestan.

"The Austrian offensive across the Carpathians attracted strong hostile forces.

"In the middle of Galicia, where both armies occupy fortified positions, the battle is stagnant.

"Northeast of Przemyśl and on the lower San the Austrians have had several successes.

"In Russian Poland strong forces are facing one another. Since yesterday there has been fighting north of the Vistula between Ivangorod and Warsaw."

lock's famous play of comedy and sentiment, "Such a Little Queen," produced in five reels by the Famous Players-Lasker Co.

The basic theme of the play is

experience of a young queen, excited by reasons of political dissension in her own kingdom, who finds a refuge in America. The little queen proves that there is not much real difference between royalty and the common people when they are wrecked by the buffets of circumstance.

For sheer charm of story, quaintness and distinctness of the central character, honest sentiments and thrilling thrills, this current production of the Famous players film company, is one of the gems of the current dramatic era. The queen after her exile, is shown here

Broadway stage feature. Vitaphone comedy release. "Mr. Binzel's Melodrama," which was conceived to be the funniest three-part film story seen on Broadway, New York City, where it was presented at the Vitaphone Theater for four solid weeks.

"Mr. Binzel's Melodrama" was written for laughing purposes only, and follows its mission, as its 5,000 feet of film proceeds 2,000 hearty laughs. # How Prohibition Destroyed Washington C. H., Ohio!

Washington C. H., Ohio, Oct. 24., 1914.

If the Saloon Keepers of Portsmouth will appoint a committee of three of themselves to investigate with me on next Friday, Saturday and Sunday conditions of life and of business at Washington C. I will authorize the banker to pay all the traveling expenses of said committee and to pay each member of the committee \$5.00 per day for their time, if said committee can find in Washington C. - 1st—An habitual common drunkard.
- 2nd—Any place where intoxicating liquor is sold to be used as a key note.
- 3rd—An established house of prostitution.
- 4th—Any proprietor of a store, hotel, saloon, cigarette, photograph gallery, or moving picture show, manager of any factory, cannery, telephone, telegraph, electric light, gas or water company, any part of the Fair company, or of any bank, school, society or church, any editor of any paper, factor or lawyer in Washington C. D., who has known the town for the last ten years and who makes a statement that the town is not better than it was when wet.
- 5th—Any evidence that any officer or policeman of the city of Washington C. D., is not honest enough to enforce the laws against selling intoxicating liquors.
- 6th—Any advertisement in any paper published in Washington C. D., or Fayette county during the year 1911, of any intoxicating liquor for sale as a beverage.
- 7th—I will authorize said board to pay all the traveling expenses and \$5.00 per day for each member of said committee, if I fail to show them all of the following:
  - 1st—A finer looking, happier, better dressed bunch of school children than they ever saw in our town.
  - 2nd—A finer looking, better dressed, happier, more sober, better groomed Saturday night crowd than they ever saw in any wet town, weather conditions considered.
  - 3rd—As many and as prosperous stores as they ever saw anywhere.
  - 4th—As well managed and as prosperous banks as they ever saw.
  - 5th—The best newspaper of any city of same size as Washington C. D.

Mayor Thankful  
To Mr. Selby

Mayor Adam Frick has written a  
letter to George D. Selby expressing  
his appreciation of the complimen-  
tary reference the latter made to him  
at the luncheon meeting in Chillico-  
the a few days ago and on which  
occasion Mr. Selby said he would  
vote for Mr. Frick next time.

The mayor indicates that he is to  
retire from public life, saying as he  
does: "It is my purpose to keep  
out of politics, but if such I shall be,  
my candidacy before the public shall be  
based on my record of accomplish-  
ment. Therefore it shall be my last  
pleasure to know that I shall  
have enlisted in my cause such able  
and representative citizens as you  
and your associates are."

a sign of nervous and depression, that nature

made from roots and herbs, has  
been the one effective remedy in  
such cases. It specifically removes  
the cause and restores the system  
to a healthy normal condition.

QUAINT OLD ARTICLES  
ARE TO BE ON DISPLAY

In the interest of the D. A. R.  
Antique and Loan Exhibit a visit  
was made to the fine old home of  
Mr. S. H. Ross and daughter Miss  
Anna. Mr. Ross is Portsmouth's  
oldest resident, being now in his  
16th year, but neither his physican  
nor his mentality indicate his  
great age. He is the country, un-  
common gentleman of the old school  
now so rare, and has lived in his  
present home since his marriage to  
Miss Elizabeth Kinney in 1847.  
Nearly all the furnishings date  
from that time and some, much  
beyond. Everything is so interest-  
ing and so antique, and like Mr.  
Ross, so surprisingly well pre-  
served.

Miss Anna Ross is a very active

loan from her, and expects that it  
can be transported to the house as it  
stands in the scene of the exhibit  
next month.

A lot of the many antiques are  
named. The mother's wedding  
dress of white India crepe, white  
linen slippers without heels and silk  
stockings, white kid gloves, and  
no handkerchiefs. The infant's  
dress of gray silk, all beautiful, a  
richly embroidered trim, a short  
collar, and tissue, scarf, also  
any silk aprons, and a very hand-  
some white and silk dress. Except

and fine lace in the way of lacy

## HOMER C. DURAND IS GREETED BY TWO BIG CROWDS

### Audiences Cheer Noted Wet Orator

Two of the largest audiences of the campaign heard Homer C. Durand, one of the most widely known wet speakers in the country, ably discuss the issues of the wet and dry fight that is now engaging the attention of the people of Ohio at the Home Rule tent Sunday afternoon and evening.

At each meeting, the capacity of the tent was inadequate to accommodate all those who desired to hear the speaker, and the sides of the tent had to be taken down to permit them to have a clear view of the platform and hear the speaker's message. Mr. Durand established quite a following in this city during the campaign of three years ago, and they were all out to give him a cordial greeting upon his return for a similar mission, Sunday.

At the afternoon meeting, Mr. Durand confined himself solely to a discussion of the question from an economical standpoint, though he couldn't refrain at times from referring to what he termed the fallacies of the prohibition cause from a moral and religious standpoint. The latter feature, however, comprised the burden of his Sunday evening address, characterized by able argument in favor of the liberal side of the question.

#### Recalled The 1911 Victory

Both speeches were wholly devoid of any abuse or undue criticism of the people who differed from the speaker, though he didn't hesitate to hammer away at the prohibition cause, which he claimed was a dismal failure wherever tried. He recognized in the prohibitionists a sort of check on society, who served a good purpose for society in the end, but whose theories were all wrong when it came to practical application.

Mr. Durand is a speaker of no mean ability, and he held his audience spell-bound during the time he was on the platform. He presented his arguments in a clear, forceful manner, and relieved the tedium occasionally by a humorous story or witty sally, which always had the desired effect.

He devoted considerable time and effort toward relieving the minds of his hearers of what he termed a wrong impression of the Home Rule amendment, which he claimed was caused by the opposition in an effort to cloud the real issue involved. Like other speakers on his side, he argued that the adoption of the Home Rule amendment meant only the repeal of the Rose county option law and the taking away from the state legislature the power to pass a statewide prohibition law.

He was slow to sell. Kellogg's Tasteless at first. He said 25c per 3-oz bottle was too much. So we made the price 15c. Now almost every druggist recommends and sells quantities of

**Kellogg's Tasteless Castor Oil**

without the consent of the people. He delivered a scathing arraignment of those dry leaders who he said were deceiving the minds of the public to accomplish their own ends, and maintained that it was an admission on their part that their argument against the Home Rule amendment would not stand the test of public opinion.

In opening his afternoon address, he congratulated the people of Scioto county upon their overwhelming victory in 1911, when they repudiated county option and again established the saloon as a licensed institution in the county. He stated that it was his first opportunity since the election to personally felicitate them upon the result of that election. It established, said he, the truth of his prophecies, uttered at that time, that the people of Scioto county had, found out, after three years of trial, that the arguments in favor of prohibition had failed utterly.

In taking up his thread of argument in favor of the Home Rule amendment, Mr. Durand stated that he must necessarily base his statements on the arguments advanced by the prohibition speakers. That the various phases of the questions could not be presented intelligently by pointing out the fallacies in the prohibition doctrine when practically applied.

He added that the opposition was intensely interested in misrepresenting the purposes and aims of the Home Rule amendment, and that they chose that course rather than to take up the amendment as it really existed, and argue against its provisions. "It is not the real prohibitionist with whom I take issue on this point," said Mr. Durand. "It is the leaders, the managers of the prohibition campaign, who have misled the people a garbled account of the amendment, which does not convey its true meaning or its true purpose."

The election of three years ago, continued the speaker, demonstrated that the people of Scioto county resented the action of the people of the rural communities in voting Portsmouth dry, as they did in numerous municipalities which registered that protest effectively at the next election.

#### Tells Of The Objects Of Law

"The object of the Home Rule Amendment," he asserted, "is to do away with that law which permits the people outside of the city to dictate how its government shall be run. The Home Rule amendment means nothing more, nothing less, than the repeal of the Rose county option law and the taking away from the state legislature the power to pass a statewide prohibition law."

Home Rule, he declared, was brought to give the people of the cities the privileges on the liquor question which the initiative and referendum gave the people of Ohio on all other questions.

The dry leaders are afraid to give the people the power to decide for themselves whether or not they want the legalized sale of liquor and beer in their communities. They want the state legislature to have that power, so that the legislators from the Rose county districts, an honest class of men, can give the people of the state what they want.

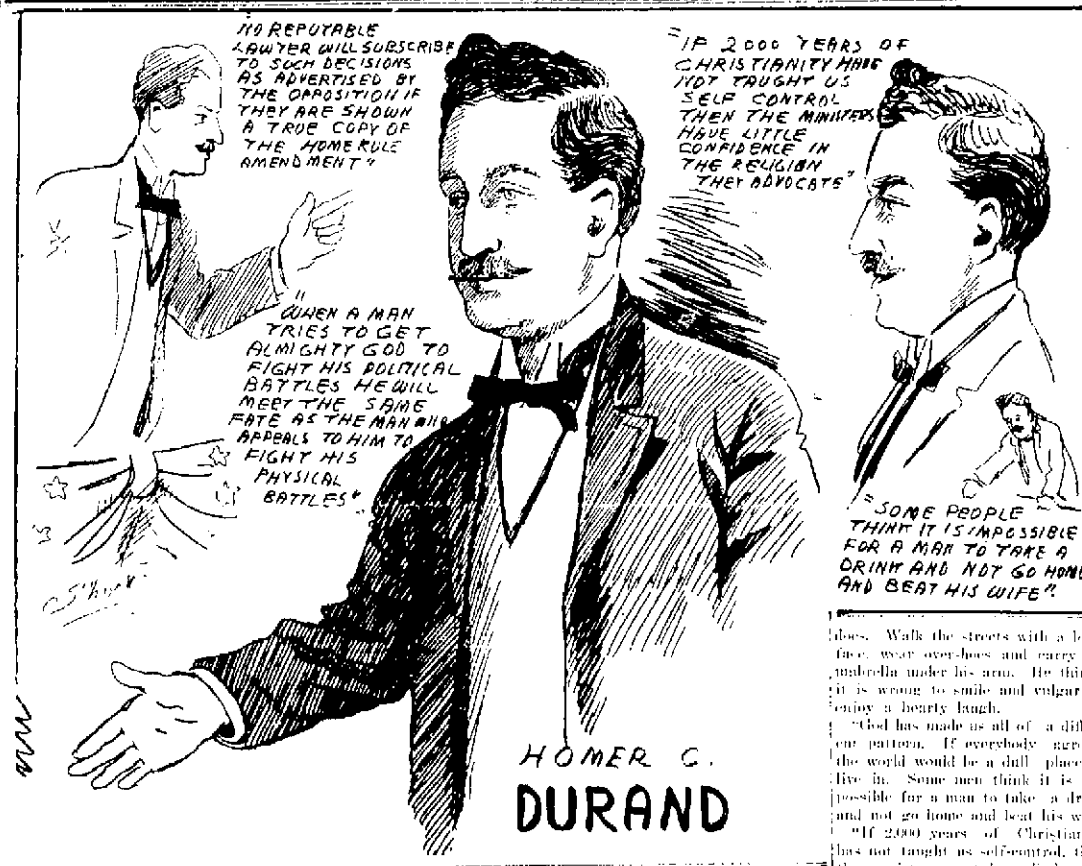

"I am not a prohibitionist," he said, "and I am not a wetter. I am a realist. I am a man who believes in the right of the people to decide for themselves whether or not they want the legalized sale of liquor and beer in their communities."

Mr. Durand stated that he had no political axe to grind, and that he was not interested in the outcome of the election. He was only interested in the right of the people to decide for themselves whether or not they want the legalized sale of liquor and beer in their communities.

He has a record of the history of the liquor traffic in Ohio, showing

how it had existed by sufferance of the people until 1912, when by a majority of over 85,000, the people of the state voted to license it.

No harm was done existing regulatory and prohibition laws when the liquor license amendment was passed two years ago, said the speaker, and no change would come by the passage of the Home Rule amendment, he added. The constitution itself, as now existed, precluded any such attempt as charged by the drys.

"No reputable lawyer in Ohio will subscribe to such decisions as advertised by the opposition, if they are shown the true copy of the Home Rule amendment," shouted the speaker.

He then emphasized the fact that the supreme court of Ohio, in every instance, had decided against the liquor interests whenever a point in dispute was raised on a law or constitutional amendment, and that the same action would be taken by that tribunal were any attempt made to put into enforcement any such "sleepers" as the drys argue was hidden in the amendment.

Any one with an ounce of common sense knows that the liberal interests could not hope to profit by suffering. On the other hand, it would be extremely fatal to their cause. The people, if they were deceived this year, would rise up in their next two years' election and administer a decisive rebuke to the people who perpetrate the fraud. The liberal interests couldn't afford to back up such a proposition as the drys allege. The people would resent the doing that in 1912, and all that had been gained would be lost."

Statewide prohibition, Mr. Durand stated, is only enlarging the list of voting strength, and he added that he favored putting it up to the voters of the state. The same he was confident the people of Portsmouth would do, as he had already stated in his previous address.

He then turned to the question of the Home Rule amendment, which he said was a simple matter of repealing the Rose county option law and the taking away from the state legislature the power to pass a statewide prohibition law.

we wanted to use the same kind of arguments as our opponents. I could show you that 1670 ministers have been imprisoned in this country for every crime in the calendar, probably the liquor interests would from murder down. But that is no more against it, by stating that the reason why the ministry should be liquor people are opposed to prohibition. Why can't they be against it because all of the money is taken out of their pockets? prohibition states want to the 1670 ministers in St. Louis, Mo., part a cause that puts men out of work, and other places, and work. But they say it is a moral question. When a man has a job, and a home, he will take care of his own morals."

Mr. Durand ridiculed the use of statistics, which he claimed were never reliable. He also charged the number of arrests in 1913 that no two dry orators quoted the number a wet and dry regions by 100,000 figures on any particular subject. It all depended on how the speaker was, he said. "They say that statistics show that the major portion of insanity is due to liquor. Two and one-half times as many people go crazy over liquor than over other conditions."

Prohibition, he declared, was a religion that did not make sense. It was a religion that made some of them crazy, and it was a religion that made some of them sane. a family laxative. Everyone  
from grandpa to baby can safely  
take it and no one is ever disap-  
pointed in its pleasant action.  
Millions of mothers know that it  
is the ideal laxative to give cross,  
sick, feverish children. But get  
the genuine. Ask your druggist  
for a 50 cent bottle of "Califor-  
nia Syrup of Figs", which has dis-  
tinct directions for babies, children of all  
ages and for grown-ups on each  
bottle. Refuse with contempt the  
cheaper Fig Syrups and counter-  
feits. See that it bears the name  
"California Fig Syrup Com-  
pany."

## GUMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darters so naturally nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and abundant with a few of Sage Tea and Sulphur. When her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By adding at any drug store for "Wet's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy, scalp and falling hair.

A well-known downtown druggist says everybody uses Wet's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

We carry them in stock from \$5.00 down to \$1.00. When you buy here you do not select from a catalogue but buy direct, you see the goods as they really are. Our business methods are open and above board. We haven't a different price to different people, it's the same price to all, which is the lowest and we guarantee the goods to be the best. In photography the "best" is the cheapest in the long run. We do not mean that the highest priced goods are always the best, far from it, for we have some things that cost twice as much but are better. That's where our advice comes in and where we can save you money.

# ELECTORS WILL VOTE ON COUNTY EXPERIMENT FARM

On November 3 a vote will be taken in Scioto county, on county experiment farm. The cost cannot exceed \$20,000.00. This sum can be paid in ten annual installments. The tax duplicate in the county amounts to \$5,100,000.00. Of this one-fifth, of \$1,020,000.00 is valuation of farm lands and farmers' personal property.

All property in county will help pay cost of farm. Counting interest and ten annual payments, the cost each year on each \$1,000 property valuation will average 1.7-10 cents. The cost each year for each person in the county will be less than 8 cents. The state and federal governments will assist and furnish a county agent and demonstration in each county where the vote carries. Under Sam will spend a good sum of money in Ohio, and Scioto county ought to place itself in position to get this help.

The counties that have an experiment farm will get most financial help from the outside. The Agricultural Commission is required by law to locate the farm if the vote carries. The commission, however, will depend upon the recommendation of Director Thomas of the Western Experiment Station, and select the farm that he thinks best suited to work out the problems of Scioto county. Director Thomas strongly favors these county farms. He has spent his life in farm problems. He considers these farms the greatest blessing that can come to the farmer.

The Agricultural Commission has adopted the policy of doing certain things and spending certain sums of money in counties having these farms that it will not do in other counties. The cost of this farm is less per acre than the cost of half a dozen stone ciphers, for each 1,000 valuation. Two pounds of pork will more than pay the cost of the farm and its upkeep per year.

## Has Fine Action in the Blood

Does Real Work in Cleaning  
Body of Impurities.

It is to the skin that blood impurities are driven by Nature. And it is in the skin that S. S. S. the famous blood purifier, does its most remarkable work. For it is here that you see the results. S. S. S. is more than just effective in the joints, glands and internal surfaces. It drives out impurities, overcomes boils and ridges the system of scurf. The purifying vegetable ingredients in S. S. S. naturally assimilated by the body enter the blood as an active medicine and are not destroyed or converted while in work. It is this peculiar feature of S. S. S. that makes it so effective. It drives into action the force of the blood, restores digestive secretions, stimulates the blood circulation to destroy disease, healing lesions.

From entering the blood S. S. S. is carried throughout your body in about three minutes. And in a brief time it has you back to normal. It breaks down poisons and the skin takes on the healthy glow of youth. By using and getting a bottle of S. S. S. rid of any drug that would do you harm.

Around the bottle is an illustrated directory that tells you how to obtain S. S. S. and how to use it. It is the only directory of its kind. It is the only directory of its kind. It is the only directory of its kind.

# SAMUEL LEVI & CO. HAVE COTTON DISPLAY

An attractive display complimentary to the "buy a bale of cotton" movement is to be found at Levi's furniture store on Gullia street. Louis Levi, originator and executor of the display, has secured a bale of cotton and has cleverly converted it into an appropriate and patriotic exhibit.

Cotton goods are also on display. Comforts, blankets and mattresses direct off-springs of the cotton product are included in the array. It is only one of the several similar displays that the merchants of Portsmouth will no doubt have within the next week.

# Trinity Will Help Load Xmas Ship

(By P. V. D.)

The Men's Big Bible Class, along with the rest of the Trinity Sunday school will help load that big ship with toys for Christmas presents for the kiddies of other lands, now harassed by wars. An invitation was received by the Sunday school, and found much favor. It was discussed by the big class and the class will do its part.

The venerable W. H. McMurtry Sr., never misses a session, and is one of the most popular members of the class. After the session was over Prof. C. C. Bridwell organized his department school and conducted a rattling good session. Only 119 present, some class, but not the big class. When this cruel war is over, and the politicians, the "twists" and the "dicks" the suffragettes and the other fellows have gone by we'll have another hundred.

The class was treated to a genuine but very pleasing surprise when Rev. Strecker, the popular new pastor, went into the teachers' box. During past several weeks many real, able patriots have sacrificed themselves in a vain endeavor to fill Prof. J. H. Finney's place. Most were hit hard, some literally knocked out of the box, and not one but who was glad when the show was over. Rev. Strecker, however, achieved a signal victory. He conducted the session splendidly from start to finish. While young in years the fellows up there are willing to show he is old in experience. Only once during the session was there undue excitement and that was when Bailey White tried to "Mark Crawfordize" the proceedings and threw a bomb at the works, but the class sat down on Bailey so promptly that even the most turbulent of the debaters became meek as lambs.

The lesson dealt with the tragic story of Judas' betrayal and the death of the Apostle Judas. "How did Judas die?" Some say he threw himself over a cliff, others say he hung himself, and then his body was thrown over a cliff. The lesson dealt with the tragic story of Judas' betrayal and the death of the Apostle Judas. "How did Judas die?" Some say he threw himself over a cliff, others say he hung himself, and then his body was thrown over a cliff.

Teacher: "When God inspired these men to write, He did not destroy their personality. He allowed that to continue their causes those little differences in their writings which only proves its truthfulness. We must always allow for personality and a little different viewpoint of subjects or things seen."

M. H. Shumway asked, "If all good works are inspired by God, who inspires the evil works?" This question was some poser, and the class declined to grapple with it and let it pass.

"Do you think greed alone caused Judas to act as he did?" The class was much divided on this and seemed to think it was something besides greed, otherwise he would not have shown remorse. Some thought Judas was some politician for the fence trying to please both sides, another opinion was that Judas' motives were right, and that his idea in betrayal was to precipitate matters and hasten the Earthly Kingdom they were all looking for.

Mr. Boyd thought "Judas' reasons for betrayal of Christ were jealousy of long standing." Right here was where Bailey White got in the line fight. He thought "Judas was divinely appointed for the betrayal", but the class would have none of this, as told above.

Teacher: "Judas was ambitious and when he saw that Christ's Kingdom meant the hearing of a cross it was then that he changed and went back to the world. He was disappointed and would not conform to Christ's plan."

## Asks For Patience.

The mayor has asked the residents of Twelfth street to exercise a little patience relative to the contractors draining and sanding the streets. The contractors are away from the Stockton and Upper. The mayor says owing to the great amount of public work in progress contractors are forcing the operation of the plant to its fullest capacity and keeping busy hauling the material busy in hopes of finishing their work before the advent of winter weather.

## CANKER SORES AND BAD TEETH

The Manchester, Conn., Press, in a recent issue, contains an account of a man who had a canker sore on his lip and a bad tooth. He had been suffering from these troubles for some time and had tried many remedies without success. He finally decided to try a certain remedy and found it to be very effective. He writes: "I have been suffering from a canker sore on my lip and a bad tooth for some time. I have tried many remedies without success. # Dever Machine Goes Over A High Bank

Ray Dever, and two daughters, Edna and Garnet and Albert Boston had a narrow escape from serious injury Saturday afternoon when Mr. Dever's Ford touring car went over a five foot embankment and caught fire the north side of Scherer's bridge a short distance beyond the north corporation line of New Boston on Munro's Run pike.

Mr. Dever was returning home from a trip to New Boston when he met Boston and asked him to jump in, as he lives near Mr. Dever. Boston asked to drive the car and Mr. Dever turned over the wheel to him within twenty yards of the bridge. Boston had only time to get a good grip on the wheel when the car began to slide to one side of the road. Mr. Dever grabbed the wheel but lost it and had a deathlike grip on it and before he could let go the car went over the bank, alighting on the front end. Luckily it did not overturn.

The gasoline spilled from the tank and trickled in a tiny stream down the bank. Morris Sizemore of Stewartville, set fire to the gasoline on the ground, and giving a thought to the danger that would follow such an act.

The flames quickly ignited the gasoline in the tank and the car in short order was enveloped in flames.

With the aid of milk cans, buckets and various vessels, Mr. Dever and many residents of Stewartville fought the fire, pouring much water on it. About the time the flames were extinguished and only a tiny flame remained under the machine, Ray Backless, wishing to dispose of the remainder of the gasoline in the tank, pulled the cap off. In a moment the gasoline ignited and a flame twelve feet high shot into the air. Then the fire fighters were forced to renew their efforts in extinguishing the flames.

The top, upholstery and practically all wood finishings of the car were burned. Late Saturday evening Dever and a number of his friends got the car back on the pike. With a new supply of gasoline in the tank, Mr. Dever drove the car to the Fred garage Sunday morning, where it will be rebuilt. The damage to the car will amount to over \$150. Boston, who was badly frightened with the outcome of his short ride, lives in one of Mr. Dever's houses on Munro's Run pike.

## SPEAKS GERMAN FLUENTLY

A fact not generally known is that Hon. Timothy S. Hogan, the Democratic candidate for United States Senator, speaks German fluently. During his recent visit to Portsmouth John Schmidt, a Sun Street tailor, engaged him in conversation and they chatted pleasantly in German for several minutes.

## RELIEF FOR GERMANS

The collection taken up at St. Mary's church Sunday for the relief of war sufferers in Germany netted \$73. The money will be sent to the Central Verein, a federation of Catholic societies, which is collecting funds throughout the country. The general committee in charge of the German war sufferers relief fund will hold a meeting at Harward hall this evening at 8 o'clock.

## SOUTH IN POOR SHAPE

John Nugent, who has been following the fair with his plantation show, has returned home for the winter, having closed at Dayton, O., a few days ago. John says the failure to move the big cotton crop in the South has killed the show business in that section this season and he turned back North after having made Arkansas. His brother, Ed Nugent, is touring the state of Texas with his show, while their youngest brother, Jim Nugent, is operating a motion picture theater at Portland, Oregon.

## E. O. M'COWEN WAS HONORED BY TEACHERS

After endorsing equal suffrage and statewide prohibition the South Eastern Ohio Teachers' Association adjourned at Athens Saturday evening. County Superintendent E. O. M'Cowen of this city was honored by being elected a member of the executive board. Between 700 and 800 people attended the meeting.

Addresses were made by Dr. Herbert Welch, President of Ohio Wesleyan University, Dr. William D. Lewis, principal of the William Penn High School for Girls, Philadelphia; Superintendent S. H. Layton, of Lancaster, and Dr. H. C. Minnich, dean of the Oxford Normal College.

Dean Minnich and Dr. Lewis strongly urged special school for vocational training and more practical courses of study which should be made essential to life occupation.

Officers were elected as follows: President, Superintendent E. P. Thompson, Nelsonville; Vice President, Principal T. C. Condes, Pomeroy; Secretary-Treasurer, Miss Linnie Arnold, McArthur; Executive Committee, Superintendent H. D. Skinner, Athens county; Superintendent E. D. McGowan, Scioto county; County Superintendent W. C. Brasher, Hocking county.

# YOU WANT TO DEFEAT PROHIBITION

**MEN OF OHIO:** Prohibition in Ohio will not be defeated unless you mark your separate amendment ballot in two places--"Yes" on the Home Rule Amendment and "No" on the Prohibition Amendment.

A "Yes" vote on the Home Rule Amendment will defeat County Prohibition and State-Wide Prohibition by the Legislature.

A "No" vote on the Prohibition Amendment will defeat Constitutional State-Wide Prohibition.

County Prohibition [the Rose Law] produces the same baneful conditions on a small scale that State-wide Prohibition would produce on a gigantic scale.

County Prohibition is directed against the Home Rule of "Wet" communities, forcing them against their will to live under "Dry" conditions.

This Makes For Law Violations.

The Home Rule Amendment gives to each community the right to determine for itself, by the vote of its own citizens whether it shall be "Wet" or "Dry."

This Makes For Law Observance.

Where communities--townships, municipalities or residence districts--are decisively "Wet" or "Dry" the agitation in them of the liquor question will cease upon the adoption of the Home Rule Amendment.

The Question Will Be Taken Out Of Politics.

A Condition Satisfactory to All Communities Can Be Reached Under the Home Rule Amendment.

If County Prohibition continues, every township or municipality "Wet" by its own decision faces the agitation of a county vote.

No Condition Satisfactory to all Communities Can Be Reached by County Prohibition.

Unfair County Prohibition leads to still worse State Prohibition.

**Therefore Vote "Yes" on the Home Rule Amendment.**

Present local option laws---township, municipal and residence district;  
The license system for a full and fair trial;  
All regulatory laws; the Sunday Law, the Sales to Minors Law, etc.

Those townships, cities and villages now "Dry" under township or municipal local option laws will remain "Dry" after the adoption of the Home Rule Amendment.

**Vote "No" on the Destructive Prohibition Amendment--Because :**

Its adoption would mean business upheaval;

Labor and Capital would feel its blight;

The tax-payer would have added burdens beyond endurance;

It would breed sneaks and hypocrites;

It would foster the drug habit;

It would put each moderate drinker in a "straight-jacket."

Subversive of all Home Rule it would compel communities to live contrary to their own expressed will.

**To Avoid a Divided People--To Avoid Ruined Cities--To Give to Each Community What It Wants--**

**ELECTION NOVEMBER 3rd.**

## VOTE "YES" ON HOME RULE

The same man who may be trusted with the privilege of voting may be trusted with the right to govern himself in the use of beverages.

If he has the right to use liquor---he has the right to have it manufactured for him---he has the right to have it sold to him---IN OHIO.

## Monuments To Dead Unveiled By W. O. W.

The formal unveiling of the thing that in the early days, for no monuments over the graves of the further. Then came the question, late Harry D. Larkins, of River City, how can a man provide for his family City Camp No. 29 and Albert E. Larkins, of G. A. R. City Camp No. 211 was marked with most impressive ceremonies at Greenwood cemetery Sunday afternoon.

The unveiling was preceded by a parade, in which several hundred Woodmen of the World of Portsmouth, New Boston and South Portsmouth took part. It was headed by the Portsmouth band and proceeded from the corner of Second and Market streets, east on Second to Chillicothe, north to Gallia, east to Walker, north to Ninth, east to Eugene and north to the cemetery. The various drill teams of this city, New Boston and Springfield, under command of Capt. L. J. Danforth, Capt. Warren Collier and Capt. Rawlins, respectively, were in full uniform and attracted much attention along the line of march.

The program at the cemetery included selections by a quartette composed of Messrs. Chester Blakely, Earl Henderson, Walter Adams and Charles Haskard and a song by Will Clark, a young man, commander of River City Camp. Other officers who assisted in the ceremony were Messrs. Clifford, assistant commander, Sidney Spencer, adjutant, and Leonard, of New Boston. The monument is a handsome structure, made of granite, and is a fitting tribute to the fallen.

## CHILlicothe DOCTOR IS ARRESTED AS THE RESULT OF YOUNG GIRL'S STORY

Cincinnati, Oct. 26.—Dr. William Melvin, 54 years old, of Chillicothe, O., early yesterday morning was arrested on a statutory charge preferred by John Rader, of Waverly, O., brother of pretty Elizabeth Rader, who, it is alleged, was lured from her home nearly a month ago.

The arrest revealed many startling facts. For three weeks, it is alleged, Dr. Melvin compelled the Rader girl to live with him at a room at 1044 Rittenhouse street. It was at this address that Night Chief of Police Slegner, Detective Brink, Guethlein and Marshal Yahraes of Waverly, O., found Dr. Melvin.

Dr. Melvin is well known throughout the rural parts of upper and Eastern Ohio and it is alleged induced the girl to come with him to Cincinnati. As a result the girl now is in a serious condition at her home in Waverly, to which place she returned last Tuesday after an absence of three weeks.

The aged doctor refused to talk of the case. He did not even want the warrant read to him and consented to give in without asking why he was being arrested.

Accompanying the arrest of Dr. Melvin was John Rader, through whose untiring efforts the doctor was located in the Rittenhouse street home. The prisoner was taken in custody yesterday morning by Marshal Yahraes and returned to Waverly, Ohio.

Dr. Melvin is a widower and besides being a doctor occupies his time in touring the rural counties with a team of oxen. In this manner he has sold thousands of bottles of his own medicine. Twelve months ago he met the Rader girl. Her mother had died when she was but eight years old and since that time she has kept house for her father and brother.

It is alleged that Dr. Melvin told the girl that she was not appreciated at home and that if she would consent, she could accompany him on his journeys and enjoy life.

These tales appealed to the girl and on September 25, last, she disappeared. Last Tuesday she returned home. She told that she came to Cincinnati with the doctor and lived with him in a room at 1044 Rittenhouse street.

The room was rented from Mrs. Bell Williams. Mrs. Williams said yesterday that Dr. Melvin declared he was married and introduced the Rader girl as his wife.

## "Wholesale" Voting Scheme Is Nipped

A smooth scheme to create the suppression over the state that Portsmouth was strong against Cox and Hogan for governor and United States senator, respectively, was nipped in the bud today, it is claimed by an Enquirer agent. He says a man secured a block of 25 straw-balls which the Cincinnati Enquirer had placed in the city and took them to some place where they were marked solid for Willis and Harding. All were later deposited at one of the voting places, and the houseman sent to another place for another supply.

## BRANCH RICKEY WILL SPEAK AT DRY TENT

## SUNDAY SCHOOL ATTENDANCE

There was a decrease of 27.1 in the Sunday school attendance Sunday, only 4355 being present compared with 4631 last Sunday. The weather was suited for a large attendance and no reason can be advanced for such a low mark. The attendance one year ago just fell short of the 6000 mark. Trinity was in the lead and Christian in second, they being the only two with 500 or more present. Following is the record for Sunday:

Trinity	611
Christian	609

## Fines Are Assessed With A Lavish Hand

John Sheppard, former baseball pitcher, if his performance Monday night was any criterion, missed his calling and should have been a lawyer.

John was convicted in police court of "boot-legging," due to the mayor wearing a chain of circumstantial evidence against him. "Slap" acted as his own attorney and the hearing was marked by some lively clashes between him and the court. He convulsed the spectators and mayor alike when after the latter hinted at a workhouse trip, the accused earnestly exclaimed: "Pore got that!"

Sheppard was found guilty of selling a pint of whiskey to William Rogers, a colored ballplayer, Sunday. Rogers acting as a go-between for Bill Owens, who himself had been solicited by J. C. Ruth, a white man. Sheppard vigorously denied the charge, but the court held him guilty from his own admissions that he maintained headquarters for his homeish business at a Tenth street saloon, "conveniently" rounded over a restaurant nearby and generally loaded about the N. & W. depot. He was fined \$25 and costs.

John Herbert and S. W. Shafer, two Oak Hill products, got \$10 each for loitering. Bob Adams was fined \$10 for raising a disturbance at his home in the West End. Mrs. John Doe, who was caught forcing a slingshot about York Place and tried to wreck the female ward of the city prison, was let off with a \$10 fine. Ed Luth and John Miel, drunk plain drunks, drew \$5 each. Jack O'Hara was fined \$10 for drunkenness and disorderly conduct.

Laurel Polly, colored porter, who was drunk and made two sham attempts to end his life, one by the poison route and by firing several pistol shots at himself, because of disagreeable conditions at home Saturday night, was fined \$1 and costs.

Mary Tennant and Anna Eldridge, victims of a Saturday midnight raid on their home on Second street, above Waller, were fined \$25.

May be it is just our way of looking at it, but it is our idea that if the voters fail to show appreciation of the services of such an official as Joe Switalski by electing him, then they oughtn't to complain of other officials no matter how offensive and inefficient they may be. For a public officer not only ought to do his duty, but he ought to do it in the right way, and that is to help others out of embarrassment wherever he can do so and to be polite and pleasant with all with whom he comes in contact. As a rule people who have dealings with public officers are not familiar with their affairs but they do not like to be rattled or scorned because of their lack of knowledge. Really they do the hiring, hire someone else who is supposed to know more about administration than they do themselves and they pay, hence are they entitled to prompt attention and courteous consideration. That all have gotten from Joe Switalski and that they will get, along as a most thorough discharge of the most important office of auditor, the big office of the county and requiring its best talent, should they consult their town best interests and elect him.

Dear Sir:--It is our pleasure to commend you for the satisfactory and efficient manner in which you have conducted the business and affairs of the Recorder's office during your incumbency thereof. We have had much to do with this office, and we have at all times found your service prompt and correct and your treatment ever pleasant and obliging.
